## INTRODUCTION

ALI INDUSTRIES established in 1988 is basically, parent company of NFC fans. This company is manufacturing electric armature of Fans, washing machines, coolers, dryers etc. since, 32 years. This company is pioneer in introducing imported quality electrical steel sheet armature (the most energy efficient material) in Pakistan. We have exceptional stamping press technology through which all machining is done. Being a manufacturer of main component of motor (electric armature), on which whole guarantee of product lies,

Our company (ALI ELECTRICAL INDUSTRIES) decided to launch a new brand named as NFC Fans.

Beside this, our company analysis that there is a deficiency of high standard quality fans in market.

The main purpose of this new company is to provide high quality products, energy efficient Fans and home appliances that fulfill the expectations of our valuable customers.
